Matrix R25
1.0 Bowl (Medium)

Fitting type: Undermount or Inset   **Sink handing:** Not handed   **Finish style:** Brushed Steel

- **Min. base unit (mm):** 450 (inset) 500 (undermount)
- **Packaged size L x W x D:** 500 x 500 x 240mm
- **Supplied boxed or sleeved:** Boxed
- **Boxed weight:** 5.70 kg
- **Sink only weight:** 3.15 kg

- Can be fitted as inset or flushmount
- Durable 304 stainless steel construction throughout
- Easy clean bowl curves
- Model can be undermounted or inset fitted
- Stainless steel wastes and pipework included

Included parts:

1 x AX1005R (m)
90mm (1.5") Basic manual basket strainer waste - short bolt - Multi ray

1 x AX1006 (m)
Rectangular overflow pipework

1 x AX4029 (m)
Fitting & care instructions & data sheet - st/st inset or undermount

1 x AX1107 (m)
Inset stainless steel fixing clips x 8

1 x AX1157 M
6 x undermount clips / 6 x M6 x 23mm domehead screw / 6 x 7.5mm M6 brass tapex

1 x AX1008 M
1.0 Bowl pipework

Recommended accessories:

All accessories can be purchased directly from www.abode-shop.co.uk or phone 01226 283434

Materials & workmanship warranty summary:

- Sink materials & workmanship 10 years.
- Waste kits 1 year.
- Connecting pipework 1 year.

Care instructions summary:

- Clean the products regularly using soapy water and a non-abrasive cloth, regular cleaning will prevent the build-up of lime scale and dirt.
- Avoid contact with corrosive or abrasive substances.
- After cleaning rinse thoroughly with clean water then dry.
- For more detail see supplied booklet or www.abodedesigns.co.uk

Product dimensions and installation information: note: ⊗ symbol indicates position of acoustic pad on stainless products.

INSET
To inset fit; you may need to create a notch in the underside of the work top to allow clearance for the overflow body
420
R12

405
Undermount
All details are provided in good faith and within tolerances of the manufacturers process.

We recommend that a cut out is made in timber and checked against the actual sink that has been supplied before cutting the work-surface.

Abode cannot accept liability for problems or cost incurred by failure to follow this advice.

All dimensions, weights and measures are subject to change without prior notice. Errors and omissions accepted.
405
R28

*Important, fabricator / installer notes for undermount & Flushmount sinks:

The cut out size indicated is aligned with outside edge of the bowl top radius (similar to the example below).

You should confirm with your client if the worksurface cutout is to be cut flush, inside or outside this suggested perimeter shape & size.

If you create the cutout smaller or larger than the indicated size then the fit of the accessories may be affected and should be physically checked.
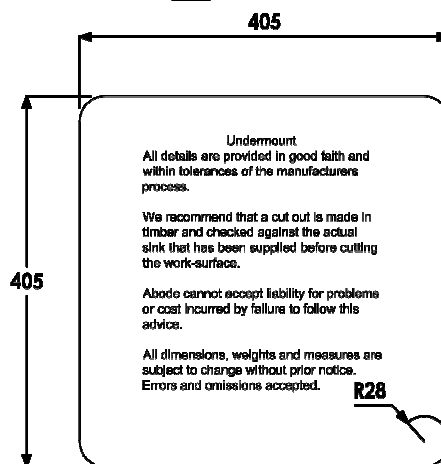

General:

All details are provided in good faith but do not include the tolerances of the material or manufacturing process.

We request that a test cutout is made in scrap timber and checked against the actual sink to be installed before committing to cutting the final worksurface.

Abode can not accept liability for problems or costs incurred by failure to follow this request.

Note: the dimensions on ceramic fireclay products are subject to wider tolerances due to the nature of this natural material and the firing process.

CAD cutout files can be downloaded from www.abodedesigns.co.uk

Adittional notes:
Overall product size: 440 x 440 x 200, corner radius 10 mm

Taphole(s) detail: None
Wastehole(s) detail (mm): 90 / N/A / N/A

Min. base unit (mm) (refers to space required for bowl, tap and overflow only): fits 450 (inset) 500 (undermount) carcass
Min. Recessed fitting width (mm): required (bowl(s), tap and overflow:
*Worktop cut out size (mm): 420 x 420, corner radius 12, for .DXF cut files please see our webiste
Min. & Max worktop depth or clip depth reach range (mm): 0 - 55
Fitting temple supplied? No, use cut out instructions as supplied
Dishwasher under drainer? Distance from top of worktop to underside of the drainer n/a mm
