FEATURES & BENEFITS

MULTI-SHELF COOKING

Our AeroTech™ system circulates air evenly throughout the entire oven so dishes on the bottom shelf turn out just as perfectly as food cooked on the top shelf.

QUALITY AND DURABILITY

Every detail has been carefully crafted. The solid, perfectly balanced soft-close door and chromed cast zinc dials add up to an exceptional, premium range cooker.

POWER AND CONTROL

Instant and immediate control from the highest to the gentlest heat. The finely tuned hob controls let you sear, stir fry or simmer a delicate sauce to perfection.

EASY CLEANING

Your hob simply needs a quick wipe to keep it looking good as new. The pyrolytic self-clean oven cycle breaks down food residue at a very high temperature, leaving a light ash that's easily removed with a damp cloth.

COMPLEMENTARY DESIGN

With clean lines and complementary tonal contrasts, the timeless aesthetic of this Contemporary style range cooker supports a considered kitchen design.

LARGE CAPACITY OVEN

The generous 140L total capacity oven gives you plenty of space to cook multiple dishes at once.

MULTI-FUNCTION FLEXIBILITY

No matter what you are cooking, you have the right heat to match thanks to nine oven functions plus Rotisserie, including Pastry Bake with Pizza Mode and Rapid Proof for making bread.
